

Play Powerline HD500 Dual Pack

High performance networking through any power sockets in your home.

Part # F5D4085uk

High performance networking through any power sockets in your home.

Whole-home coverage

Supplied as a pair, the Powerline HD500 adapters transform your home's power sockets into a high-performance network. They provide a secure, stable Internet connection in places where wireless signals don't reach, by turning any wall socket into an Internet access point.

Faster networking performance

With speeds of up to 500 Mbps, the Powerline HD500 adapters deliver the performance you need for ultra-fast file sharing, gaming, and streaming HD video.*

Connect any Internet-enabled device

Connect a computer, HDTV, Blu-ray™ player, or gaming console. Just plug it in and you're ready to go.

Easy set up

Just plug one adapter into any power socket and
